HEADQUARTERS • SIEGE

NEW YORK, NY 10017

28 October 2021

Excellency,

On behalf of the Security Council Committee established pursuant to resolution 1718 (2006), I have the honour to refer to your letter dated 18 October 2021, conveying to the Committee an exemption request pursuant to paragraph 25 of resolution 2397 (2017), in accordance with Implementation Assistance Notice No. 7, on behalf of the Yoido Full Gospel Missions Foundation (YGMF) to engage in humanitarian activities in the Democratic People's Republic of Korea (DPRK), in particular for a project treating severe diseases of vulnerable groups in DPRK through Pyeongyang Cardiac Hospital. I also note your request for a longer timeframe for the exemption, given the challenges related to the COVID-19 pandemic.

I have the further honour to inform you that, following due consideration, the Committee has decided to approve the requested exemption in the abovementioned letter, in accordance with paragraph 25 of Security Council resolution 2397 (2017), to transfer the items and services outlined in your letter within the next twelve months, which is enclosed in this letter as an attachment. The Committee recommends that, to the best extent practicable, the items be consolidated into three shipments or less, with a view to increasing efficiency of shipping and custom clearance.

The Committee reiterates that the sanctions measures imposed by the Security Council through its resolutions with respect to the DPRK are not intended to bear a negative impact on the people of the DPRK, and the note verbale it issued to all Member States, as well as its press release SC/13113 of 8 December 2017, offer clarifications as regards humanitarian aid to the DPRK. The note verbale further recalls that each Member State must fully implement relevant Security Council measures, while keeping in mind the need to clarify to public and private sector entities in their jurisdiction that, while properly implementing United Nations sanctions, humanitarian activities should not be unduly restricted.

The Committee further supports and approves the Republic of Korea engaging in necessary business and financial transactions only for the purchase of goods and services exempted by the Committee and found in the attachment without prejudice to the relevant commercial decisions.

His Excellency
Mr. Cho Hyun
Permanent Representative of the Republic of Korea
to the United Nations
New York

At the same time, the Committee requests relevant organizations delivering humanitarian assistance to the DPRK to adhere to the exemption time limit approved by the Committee and fully respect and abide by relevant national laws, regulations, and licensing requirements governing financial and commercial transactions, and shipping and custom clearance conducted in the jurisdictions of affected Member States.

I wish to inform you that this letter and its annex will be published on the 1718 Committee website for the public, including relevant national authorities involved in reviewing the exempted transfers to the DPRK, for a period of twelve months.

The Committee would like to thank the Republic of Korea for its diligence.

Please accept, Excellency, the assurances of my highest consideration.

(Signed)

Mona Juul
Chair
Security Council Committee established
pursuant to resolution 1718 (2006)
